Mr. J. Bruce Sarazin, Director
Yolo County Environmental Health
137 North Cottonwood Street, Suite 2400
Woodland, California 95695

Dear Mr. Sarazin:

The California Environmental Protection Agency (Cal/EPA), Office of Emergency Services, Office of the State Fire Marshal, Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the Yolo County Environmental Health Certified Unified Program Agency (CUPA) on January 31, 2006, and February 1, 2006. The evaluation consisted of a review of program elements, an in-office program review, and field oversight inspections. The State evaluators completed a CUPA Evaluation Summary of Findings with your agency's program management staff, which includes identified deficiencies, with preliminary corrective actions and timeframes, program observations and recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by Yolo County Environmental Health CUPA for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA considers the following deficiency in progress on being corrected.

1. The CUPA has not reviewed their latest Area Plan (2001) within 36 months and made any necessary changes.

Cal/EPA appreciates the actions taken by Yolo County Environmental Health. The one remaining deficiency from the 2006 evaluation will be incorporated into the 2008 evaluation scheduled for August 19 and 20, 2008. Yolo County Environmental Health CUPA's rating on the 2006 evaluation will remain as satisfactory with some improvements needed until the 2008 evaluation team determines that the remaining deficiency is corrected.
